

# GAS STATION CANOPY CONVERSION KITS

FOR MOUNTING TYPES:  
ENCLOSURE, TOP OF FIXTURE, SURFACE 2'X2' BOX

ENCLOSURE

**FULHAM**

**HIGHHORSE**

INDUCTION LIGHTING SYSTEMS

## Fulham Gas Station Canopy Conversion Kits

have been successfully engineered and tested as standard lighting alternatives for use with common mounting types: enclosure, top of fixture and surface 2'x2' box.

These ready-made, thermally-tested, fully-warranted Induction kits make it easy to retrofit existing canopy fixtures with minimal installation time. All components, hardware and instructions come standard with each UL listed kit. Compared with use of traditional HID units, end user Induction benefits include approximately 50% energy cost savings, between 3x – 5x increased lamp life, far better lumen maintenance, and superior visual acuity (Scotopic/Photopic [S/P] ratio). They have been designed for maximum thermal management and optical performance. (IES files available.)

BEFORE

Example fixture after Retrofit Kit installation.

AFTER

## Features:

- Includes circular lamp, generator, hardware & installation instructions
- Easy and fast to install
- Thermally tested and fully warranted
- Patent pending components
- IES files available
- Entire retrofit kit is cULus listed
- cURus recognized lamp and generator

Kit P/N	System Type	Enclosure	Ballast Mounted Inside/On
