

October 16, 2020

Dear Valued Fulham Customer,

As a supplier of lighting products to your company, Fulham's goal is to continually provide high quality and dependable products built on solid technology platforms. However, it occasionally becomes necessary to end the life of products you have previously purchased due to changing technologies and market demand.

This letter announces the Product Discontinuance plan for the following **LED PRODUCTS**. The last date to order these products will be January 20, 2021 unless stock is depleted sooner. All orders must ship by February 26, 2021.

Please note that the ECO Series LED modules (TMU0400xxEL8xxx) are being updated from 80CRI to 90CRI on most models (VMU0450xxEC9xxx). The footprint and lumen performance have been maintained.

Item	Description	Suggested Replacement Item	Description of Replacement Product
