Fulham Introduces EZExit Emergency Lighting Kit That Turns T-Grid into an Emergency Lighting Pathway to the Nearest Exit

Fulham Extends Commitment to Safety with New Category of Emergency Lighting for New Construction or Retrofits

HAWTHORNE, Calif. – June 5, 2018 – Fulham Co., Inc., a leading supplier of lighting components and electronics for commercial and specialty applications, is expanding its HotSpot line with a new category of value-added emergency lighting products that extend building safety lighting. The new EZExit Lighting Kit is being offered as an add-on to conventional exit signs, lighting a path to safety using add-on linear LEDs lights integrated into existing T-grid ceilings.

The new HotSpot EZExit EM T-grid kits are available in 24-inch (FHEZ10A24) and 48-inch (FHEZ17A48) form factors. The EZExit kits are designed to fit into any conventional T-grid ceilings, either as a retrofit or part of new construction. Both LED units are equipped with a HotSpot contant power driver that delivers 90 minutes of emergency power after a 24-hour charge time. The EZExit 24-inch unit has 10.7W of emergency output, delivering 1,480 lumens, and the 48-inch unit has a 17W output in emergency mode with 2,485 lumens.

“You can always make employees, customers and building occupants safer, and we see the EZExit as part of a new emergency lighting category that demonstrates Fullham’s commitment to safety,” said Russ Sharer, Vice President of Global Marketing and Business Development for Fulham.

“When an emergency happens, panic sets in and darkness and confusion may make it difficult to find the nearest exit. With the EZExit we have developed an aesthetically pleasing way to light the path to safety. Many distributors and specifiers have already shown their enthusiasm for this new kind of safety lighting product.”

The EZExit units have universal mounting that is compatible with any type of T-grid fixture and both offer a universal input of 120-277VAC.. The EzExit seamlessly fits into any T-Grid ceiling attractively providing the customer with plenty of emergency light in a very sleek hidden design. The EZExit units come with an integrated test switch and carry a five-year manufacturer warranty.
